

1. MOVE
furniture and heavy, fragile or unstable objects to lower shelves, and away from exits

2. PROTECT
your valuables, electronic appliances and glass objects

3. SECURE
tall or heavy furniture; wall-mounted, wheeled or suspended cabinets; hanging fans and lamps

4. RETROFIT
gas, plumbing and electrical systems, false ceilings, windows and plaster by certified experts

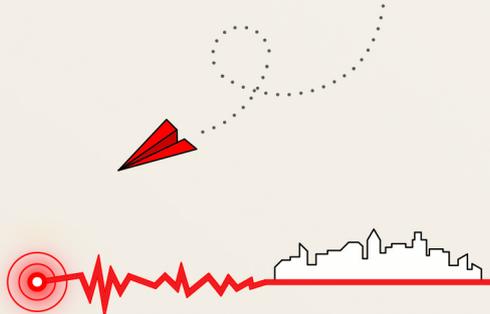

KNOW RISK YOUR SCHOOL

Reduce seismic risk through non-structural elements

Co-financed by European Commission's Humanitarian Aid and Civil Protection Grant agreement ECHO/SUB/2015/718655/PREV28

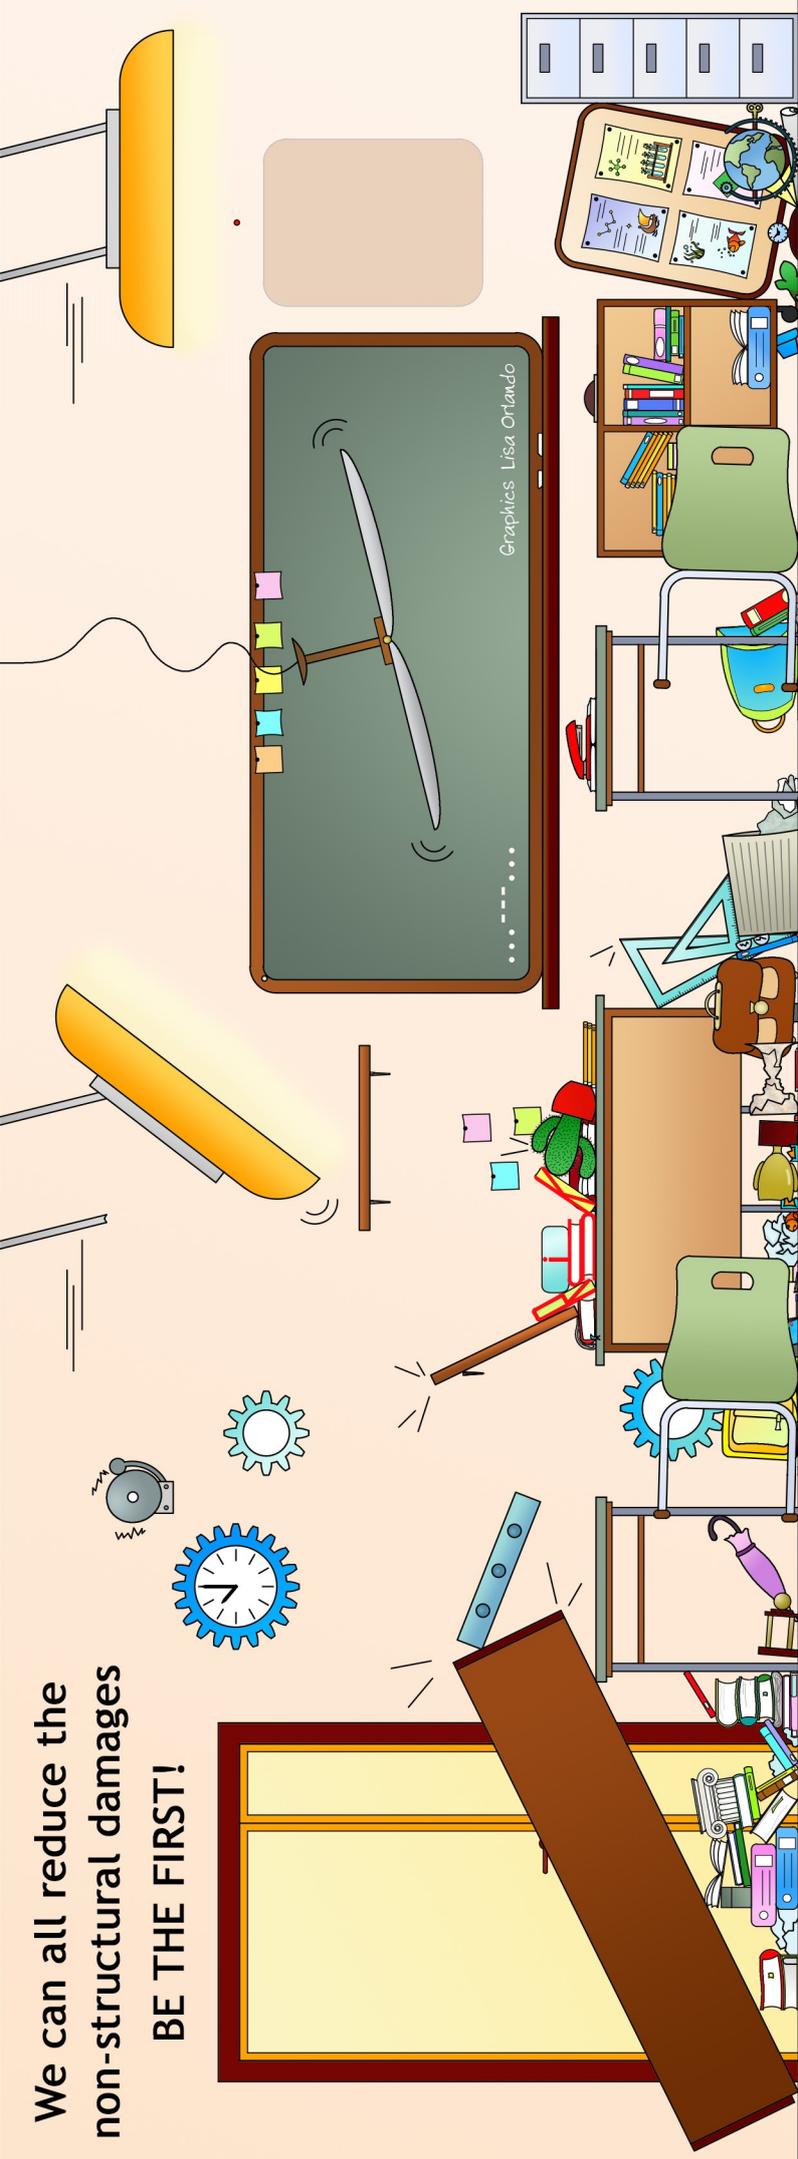

THE 4 STEPS TO MITIGATE THE SEISMIC RISK AND IMPROVE SECURITY
KnowRISK can help reduce non-structural damage, even that caused by weak shaking.

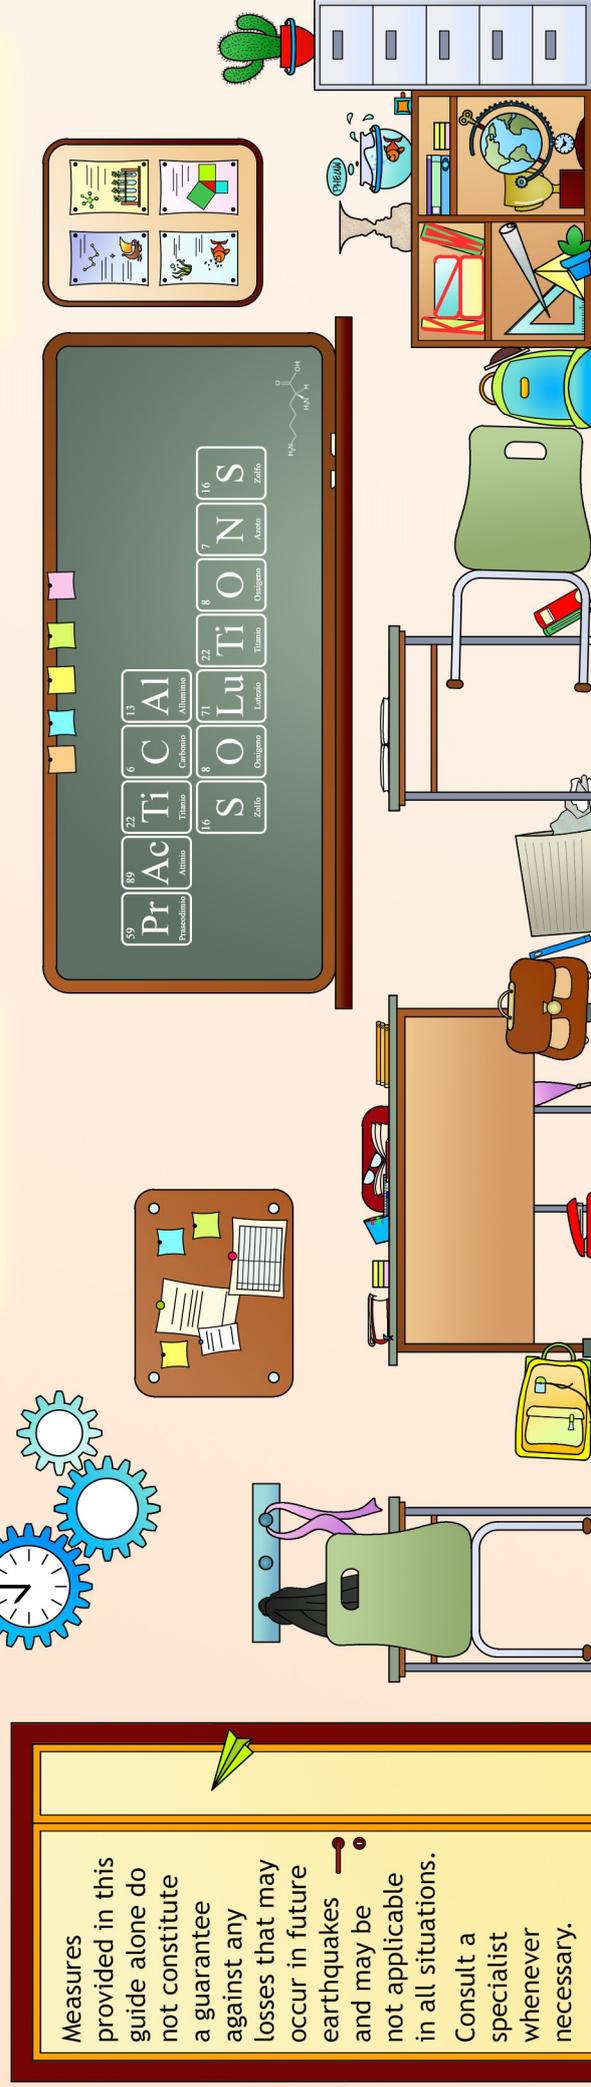

You can find more information in the KnowRISK Portfolio and Practical Guide www.knowriskproject.com

We can all reduce the non-structural damages
BE THE FIRST!
